

UNI/O™ Serial EEPROMs
Single I/O Bus Interface

UNI/O™ Serial EEPROM

One I/O

Introducing the UNI/O EEPROM Family

Need more microcontroller pins for new features?

Want to stay with a low pin-count microcontroller rather than switching to a more expensive one?

Microchip's new UNI/O serial EEPROM uses only ONE connection to the host microcontroller. This compares to two or three pins for I²C™, and three to six pins for Microwire or SPI buses. This new, proprietary bus offers advanced features like a status register and write protection on demand, along with all I/O, memory array and command functions through a single pin.

New Communications Standard

UNI/O bus: First introduced on serial EEPROMs

- Manchester Communications
 - Clock and data in a single serial bit stream
 - Signal transition in the middle of bit period
- MCU establishes data rate
- EEPROM tracks data rate – Frequency and Phase
- Software Addressable

Benefits

A single I/O EEPROM can simplify your design and reduce system cost

- Free up pins on the MCU
 - Add a new feature to your application
 - Move to a smaller MCU
- Free up pins on your connector
 - Smaller connector = lower cost
- More compact design

Advanced Features

- Single I/O Interface
- 1-16 Kbit Memory Densities
- 1.8-5.5V Operating Voltage
- 10-100 KHz Operating Frequency
- 1 Million Erase/Write Cycles
- Software Write Protect
 - ¼, ½ or Full Array
- Status Register
- Set/Erase entire memory with a single command
- ESD Protection > 4 KV
- Noise Filtration Circuitry
- Packaging: 3-pin SOT-23
8-pin SOIC, MSOP & TDFN
- Temperature: Industrial (-40°C to +85°C)
Extended (-40°C to +125°C)

Get Started With a Simple Evaluation

Use your existing hardware

- UNI/O EEPROMs can fit in existing sockets
 - Pin-out similar to I²C and SPI EEPROMs
 - 8-pin packages share Vcc, Vss and Data Line

Use Microchip's software drivers

- UNI/O software drivers available for many popular microcontrollers
- New drivers coming

Current EEPROM 8-lead Pin Outs

MPLAB® Starter Kit for Serial Memory Products (Part Number DV243003)

Increase productivity, reduce time to market and create a rock-solid design using this sophisticated development system. The MPLAB Starter Kit includes everything necessary to quickly program and develop a robust and reliable Serial EEPROM design, and reduce the time required for system integration and hardware/software debug.

- Windows® 2000, XP and Vista™ operating systems
- Total Endurance™ software model
- MPLAB Starter Kit board and user interface software
- Quick start guide
- Serial EEPROM sample pack

FREE Total Endurance™ Software

Microchip's Total Endurance Software provides you with unprecedented visibility into Serial EEPROM based applications. Describe your system to an advanced

mathematical model (with a friendly human interface), and it will predict the performance and reliability of the Serial EEPROM within that environment. Design trade-off analysis that formerly consumed days or weeks can now be accomplished in minutes with a level of accuracy that delivers a truly robust design.

UNI/O Serial EEPROM Product Specifications

UNI/O Product Family

Device	Density (bits)	Organization	Page Size (bytes)	Operating Voltage	Temperature Range	Packages
11AA010	1K	128 x 8	16	1.8-5.5V	I	TT, SN, MNY, MS, P
11LC010	1K	128 x 8	16	2.5-5.5V	I, E	TT, SN, MNY, MS, P
11AA020	2K	256 x 8	16	1.8-5.5V	I	TT, SN, MNY, MS, P
11LC020	2K	256 x 8	16	2.5-5.5V	I, E	TT, SN, MNY, MS, P
11AA040	4K	512 x 8	16	1.8-5.5V	I	TT, SN, MNY, MS, P
11LC040	4K	512 x 8	16	2.5-5.5V	I, E	TT, SN, MNY, MS, P
11AA080	8K	1024 x 8	16	1.8-5.5V	I	TT, SN, MNY, MS, P
11LC080	8K	1024 x 8	16	2.5-5.5V	I, E	TT, SN, MNY, MS, P
11AA160	16K	2048 x 8	16	1.8-5.5V	I	TT, SN, MNY, MS, P
11LC160	16K	2048 x 8	16	2.5-5.5V	I, E	TT, SN, MNY, MS, P

Note: All devices are Pb-Free and RoHS compliant.

Support

Microchip is committed to supporting its customers in developing products faster and more efficiently. We maintain a worldwide network of field applications engineers and technical support ready to provide product and system assistance. In addition, the following service areas are available at www.microchip.com:

- **Support** link provides a way to get questions answered fast: <http://support.microchip.com>
- **Sample** link offers evaluation samples of any Microchip device: <http://sample.microchip.com>
- **Forum** link provides access to knowledge base and peer help: <http://forum.microchip.com>
- **Buy** link provides locations of Microchip Sales Channel Partners: www.microchip.com/sales
